

State Corporation Commission (SCC) Visitor Security Guidelines

All visitors to the State Corporation Commission must enter the Tyler Building at the 1300 East Main Street entrance.

Visitors who wish to conduct business in the Clerk's Office Lobby area, attend a case hearing in a Courtroom located on the Second Floor or visit the Commission Café located on the Third Floor are not required to obtain a Visitor Badge; however, appropriate security screening may be necessary.

Visitors who wish to conduct business in work areas of the Commission (other than those noted above) must sign in at the First Floor Security Desk and obtain a Visitor Badge. Photo identification issued by a governmental agency, such as a driver's license, will be required and appropriate security screening may be necessary.

All visitors should allow sufficient time to complete appropriate security screening processes.

Public parking is available in parking lots and on several streets in the vicinity of the Tyler Building.
