

Subject: Proposed Dark Fiber Metric

Set forth below are Cavalier's suggested metrics for dark fiber. As you know, there currently are no metrics for this UNE/Transport checklist item.

- Number of strands pending Dark Fiber Inquiry response.
- Number of strands reported as not available.
- Number of strands reported as available.
- Number of Dark Fiber Inquires that exceeded 21 days to respond (15 bus days).
- Number of Augments required before fiber can be ordered (measured on a per strand basis).
- Number of Augments that exceeded 130 days to completion.
- Number of strands ordered.
- Number of strands pending.
- Number of strands ordered, but not able to deliver.
- Number of strands delivered.
- Number of Orders that exceeded 42 days to delivery (30 bus. days).
- Number of strands that are stranded (not usable, with no resolution)

to calculate:

% Available [Available/Requested]

% Delivered [Delivered/Ordered]

% Of Use [Delivered/Available]

% Inquires On Time [(Requested - Exceeded 21)/Requested]

% Delayed Due to Augments [Augments/Ordered]

% Augments On Time [(Augments-Exceeded 130)/Augments]

% Delivered [Delivered/(Ordered - Pending)]

% Delivered On Time [(Delivered - Exceeded 42)/Delivered]

% Unusable [(Stranded + Cancelled)/Delivered]
