052	KPMG Consulting is unable to replicate certain Maintenance and Repair (MR) metrics results that have been reported by Verizon in the September 2001 Aggregate Carrier-to-Carrier (C2C) report.	Open	Under Discussion	<p>11/27/01: Opened; Verizon indicated that they agreed with the observation and would make the necessary corrections for metric MR-1-06 in the October data month report. KPMG Consulting indicated that we would review the corrections in the October data month report and address the issue at the next Observation meeting. AT&T asked a clarifying question in regard to whether or not the changes would occur in the original October data month report, or in a revised issue of the report. KPMG Consulting inquired as to whether or not a change control request would be issued. Verizon responded that KPMG Consulting's question should be directed to the Verizon metrics team. AT&T asked a clarifying question in regard to how the October data month report would be corrected in the absence of a change control request. Verizon indicated that the corrections had already been made and that the corrected data would be pulled to produce the October data month report.</p> <p><u>Action Items:</u></p> <ul style="list-style-type: none"> ▪ KPMG Consulting will review the corrections in the October data month report and address the issue at the next Observation meeting. <p>12/04/01: KPMG Consulting indicated that we are currently reviewing the October data month report and that we would provide any necessary updates at the next Observation meeting.</p> <p><u>Action Items:</u></p> <ul style="list-style-type: none"> ▪ KPMG Consulting will address the issue at the next Observation meeting. <p>12/11/01: KPMG Consulting indicated that we would continue to review the October data month report in which Verizon indicated that the corrections for metric MR-1-06 would be fixed.</p> <p><u>Action Items:</u></p> <ul style="list-style-type: none"> ▪ KPMG Consulting will continue to review the 	VA Observation Report 52 v2

057	KPMG Consulting has observed inaccurate Line Loss notification reporting.	Open	Under Discussion	12/04/01: Opened; Verizon indicated that for Items 43, 44 and 80-89, the accounts contained the R3K class of service, which is incorrectly excluded from Line Loss eligibility. Verizon indicated that this would be resolved by a system fix to be implemented in February. In addition, Verizon indicated that for Items 1-42 and 45-79, Line Loss notification reporting took place prior to service notification and that the system used switch data
