ACTIVE OBSERVATIONS					
				<p>08/07/01: KPMG Consulting indicated that we obtained a copy of July Industry Change Control Meeting Materials and reviewed updates to CR #1573. However, there is no mention of changed release date of 7/21. According to the documentation, on 6/18 Verizon indicated eTRAK USOCs had been updated with the June 2001 release, and then on 6/20 Verizon changed the status on eTRAK USOC availability to “Requirements Pending.” Although the Industry Change Control Meeting material indicated “requirements pending” for eTRAK USOC availability, KPMG Consulting observed that Verizon’s “USOC Description and Rate Database” documentation was updated sometime after July 31 to state that the file available via FTP contains both Legacy and eTRAK USOCs and provided instructions on obtaining USOCs via FTP. We followed the instructions in the “USOC Description and Rate Database” to obtain the USOC list via FTP and observed that the list does contain both Legacy and eTRAK USOCs, however, it is not a complete list. The new file available via FTP still does not contain the USOC “DTL” for Dial Tone Line as stated in the observation. In addition, KPMG Consulting found that the “USOC Description and Rate Database” documentation does not provide Column Definitions for the eTRAK USOCs.</p> <p><u>Action Items:</u></p> <ul style="list-style-type: none"> ▪ KPMG Consulting will address the issue at the next Observation meeting. <p>08/14/01: KPMG Consulting indicated that we would defer this issue until next week.</p> <p><u>Action Items:</u></p> <ul style="list-style-type: none"> ▪ Verizon will investigate and address the issue at the next Observation meeting. ▪ KPMG Consulting will investigate and address the issue at the next Observation meeting.

ACTIVE OBSERVATIONS					
				<p>08/21/01: KPMG Consulting summarized the overall issue into 3 categories:</p> <ul style="list-style-type: none"> ▪ No eTRAK USOC Updates since December 2000 – KPMG Consulting followed the process and submitted our NDA; however, from Verizon’s perspective, there was no signed NDA with KPMG Consulting. Therefore, KPMG Consulting was not added to the distribution list for the eTRAK USOC updates. Resolution – Verizon indicated that KPMG Consulting has been added to the distribution list; however, KPMG Consulting may not receive any additional eTrak USOC updates since the new FTP process is in place. In addition, to ensure that future CLEC requests are processed appropriately, a new process is now in affect. CLECs must work through their respective Account Managers to be included in the distribution list. ▪ Change Control Notifications – There appears to be three different dates associated with the eTRAK USOC retrieval process via FTP: <ul style="list-style-type: none"> ▪ The CR #1573 indicates that the new process should be available on 6/18. ▪ On 6/20, a change was made to CR #1573 to indicate that the new process is scheduled for August. ▪ During VA Observation calls, Verizon indicated the new process should be ready on 7/21. Resolution – KPMG Consulting indicated that the 7/21 date was an internal Verizon release date, which Verizon shared during the Observation calls. The public date for the new process was originally 6/18 and then revised to August. The new FTP process for obtaining eTRAK USOC is now in affect and has been discussed in the CR meetings with CLECs.
