The measured option includes a base rate of \$2.95 and a measured rate of \$0.15 per minute for calls completed to the Salem and Roanoke exchanges.
1679	BELL ATLANTIC	01/11/1999	02/15/1999	NEW SERVICE: The purpose of this filing is to introduce a new service, Call Mover Service. This new service allows Virginia residential and business customers to select among four optional enhancements to basic intercept service when they disconnect, temporarily suspend or change their telephone numbers. The four Call Mover Services include Call Direct which automatically intercepts and transfers calls to a referral number, Call Direct Plus which provides a recorded announcement with the referral number and then transfers the call, Call Messenger which provides a recorded announcement of the disconnected number's status, customer's name, address and referral number, and Call Messenger Plus which provides the Call Messenger message and transfers the call. Call Mover Service is available in combination with basic referral service and is provided in consecutive months of service. Customers are limited to combination of Call Mover Service and basic referral service not to exceed 12 months. Call Mover service options are billed on a per line basis for each month of service requested. To be responsive to our certified hearing-impaired customers, the Company will provide Call Direct free of charge for the standard basic referral period. (DISCRETIONARY SERVICE) NOTE: By letter dated 2/11/99 BAV reissued this filing to delay implementation of the new Call Mover Service from the originally planned date of 2/15/199 to 2/26/1999.

1692	BELL ATLANTIC	01/25/1999	02/01/1999	This filing is being made to correct a typographical error in the rate class for the Portsmouth Zone. On the 11/1/98 revision to this page for Providence Forge, the rate class for the Portsmouth Zone was incorrectly changed from 7,7,7 to a 8,7,7. This corrects that error.
1697	BELL ATLANTIC	01/29/1999	03/01/1999	This filing provides for the regrouping of the following rate exchanges as specified in the Company's Local Exchange Services Tariff. Also included in this filing are text changes involving the local service area of the Christiansburg exchange.
1700	CENTEL	02/02/1999	03/15/1999	Centel filed rate modifications for Discretionary services with the SCC on 12/2/98. On the accompanying spreadsheet, Centel incorrectly identified the rates for ISDN-PRI as TransLink services. Therefore, a tariff page to increase the rates for ISDN-PRI was not included in that filing. The purpose of this filing is to reflect the increased ISDN-PRI rates that were previously identified as TransLink services.
1704	CFW	02/04/1999	03/04/1999	Proposed filing is being revised to add a PRI Channel rate. This change does not affect any existing customers. Section 20 has been updated to reduce the Voice Grade Two-Wire Channel Termination rate and update the associated USOC codes.
1709	BELL ATLANTIC	02/11/1999	02/12/1999	The purpose of this filing is to clarify the full list of features included in the Residence Package by adding Home Intercom and Speed Dialing and correcting the names of Repeat Dialing and Intercom Extra to be consistent with other tariff references. The shortened interval between issued and effective dates was discussed with Staff.
