2706	CENTEL	06/14/2001	07/16/2001	The purpose of this filing is to grandfather digital Timing Source and Digital Timing Source Connecting Cable and eliminate availability of these services to new customers due to the lack of demand.
2710	CENTEL	06/19/2001	07/20/2001	This filing proposes miscellaneous changes in that clarify the provision of access services. Most of the proposed revisions are housekeeping in nature, correcting section enumeration. Additional revisions are included for correction and clarification, in keeping with revisions that have previously become effective in Sprint LTC's FCC Tariff No. 3. None of the proposed revisions reflect a change in the provision of access services.
2715	UNITED	06/25/2001	06/27/2001	In this filing, United proposes replacing the General Subscriber Services Tariff, in its entirety. United has removed The Issued By information from the top of every page and it now appears on the Title Page. In addition the use of standard format and type and elimination of blank pages causes tariff pages to be renumbered. The changes made include changing all to "Original" pages.
2720	VERIZON VIRGINIA INC.	06/29/2001	08/01/2001	This filing removes Community Choice Plan Service from the certain routes per commitments made in Case No. PUC000204 (Section 202B). Revised Tariff Pages in Section 202.
2721	UNITED	06/28/2001	07/30/2001	This filing proposes miscellaneous changes that clarify the provision of access services. Most are of housekeeping nature and correcting section enumeration. 2740	UNITED	07/19/2001	08/19/2001	The purpose of this filing is to eliminate Termination Charges for Frame Relay service as a result of a change in their jurisdiction and/or customer requested change to a next generation service offering.
2741	CENTEL	07/19/2001	08/19/2001	The purpose of this filing is to eliminate Termination Charges for Frame Relay service as a result of a change in their jurisdiction and/or customer requested change to a next generation service offering.
2743	CENTEL	07/20/2001	08/23/2001	This filing proposes to introduce Tariff S.C.C. No. 4 Access Service Tariff, to replace Tariff S.C.C. No. 1 Access Service Tariff in its entirety. All pages are identified as "Original" Pages. The identification of the reissued tariff as Tariff No. 4 allows opportunity for the company's local and interexchange service tariffs to be reissued in the future as Tariff SCC No. 1 and Tariff SCC No. 2 for industry consistency. The purpose of this filing is the removal of the "Issued By" information from the bottom of each page. The "Issued By" information now appears on the Title Page. Removal of that information from each tariff page will avoid the potential of out-of-date information appearing on each tariff page. For consistency with the company's General Subscriber Services Tariff, the issued and effective date moved from the bottom to top of each page, blank pages are eliminated, and the tariff sections are renumbered so that each section begins with Page 1. This filing also includes adoption of a standard format and print type throughout the tariff.
