CLEC Tariffs:

Tariff ID	Company	Date Filed	Requested Effective Date	Subject
6903	Cox Virginia Telcom, LLC	10/25/2012	10/28/2012	This filing revises pages 70-73 and 140 to add the Premier Feature Pak and Cox Digital Telephone (CDT) Essential Package. The services were included as new services in tariff filing submitted to the Commission and were accepted as effective on May 1, 2011 (TARTS 6501). Cox filing TARTS 6491, grandfathered other services on these tariff pages, was amended to comply with the Commission CLEC Disconnection of Service rules. This required a change of the effective date from May 1, 2011 to May 20, 2011. However, the amended filing to extend the effective date did not maintain the two new services added under TARTS 6501, effective May 1, 2011. This filing corrects that unintended drop of the two new services and therefore carriers border symbols of "S" instead of "N" to properly indicate a "reissued matter" not a "new rate or regulation." In addition, the surviving new service "Cox Digital Telephone (CDT) Essential Package" service reflected Page 133 in TARTS 6501 that was erroneously omitted with TARTS 6491 is moved to Page 140. The other new services/rates on Pages 70-73 were not affected by subsequent filings and have been returned to their pages as submitted under TARTS 6501.
6907	Spectrotel of Virginia, LLC dba Spectrotel dba One Touch Communications	11/07/2012	11/09/2012	Spectrotel of Virginia, LLC dba Spectrotel dba One Touch Communications filed its initial SCC Tariff No.1- Local Service and Tariff No. 2 - Access Service tariffs to reflect the company's name change from Plan B Communications in Case No. PUC-2012-00057.
6913	Cox Virginia Telcom, LLC	11/20/2012	11/29/2012	Cox submitted filing to add new residential bundled services "Cox Digital Essential Package" on 5/1/11 (subsequently revised on 5/20/11 and 10/28/12). During preparation for upcoming annual changes it was discovered that, due to iterations of the service components at initial launch, the most current version was not included in the original or subsequent correction filings. This filing is submitted to correct the bundled service to how it was originally to be offered (and is currently offered) to customers as well as to add clarification regarding customer use of Toll Restriction. Revised pages: 2, 3, 116, and 140.
6917	Broadview Networks of Virginia, Inc.	12/19/2012	01/01/2013	As permitted by 20 VAC 5-417-10, Broadview is notifying the Commission that the company will be offering its retail services on a DETARIFF.
6919	BullsEye Telecom of Virginia, Inc.	01/08/2013	01/14/2013	This filing grandfathers selected services, introduces Essentials Local Exchange Service and revises Cancellation by Customer and Cancellation of Service/Termination Liability. Revised pages: Check Sheet pages 1 and 2; Section 2, pages 32 and 39; Section 5, pages 4 and Original pages 5 - 9; Section 7, pages 1-7.

6754	Verizon South Inc.	05/31/2012	07/01/2012	<p>The purpose of this filing is to revise the state switched access rates pursuant to FCC Order in Docket Nos. 10-90 and 11-161. This filing will restructure Verizon's intrastate state switched access tariff to align with its interstate rate structure, reducing the rate element levels where the interstate rate is lower than the existing intrastate rate. This filing also introduce a per-minute charge on Transitional Intrastate Access Service end office switching minutes; this per-minute charge, the "Transitional Intrastate Rate Element," is calculated and applied in accordance with Section 51.907(b)(2)(v) of the FCC's rules. Revised pages: Access Tariff, Section 4, pages 4, 8, 52, 59, 64, 73, 74, 75, and 76.</p> <p>NOTE: Supplemental filing -- Verizon Virginia, LLC and Verizon South, Inc (collectively "Verizon") filed revisions to its switched access tariffs to revise rates pursuant to the FCC Report and Order in WC Docket Nos. 10-90, etc., FCC Release NO. 11-161 (Nov 18, 2011) ("FCC Order"). Verizon revised its switched access tariff to reflect implementation of the FCC's Phase 1 Transitional Intrastate Access Service rate reductions to become effective July 2, 2012. As part of the filing, Verizon introduced a "Transitional Intrastate Rate Element," calculated and applied in accordance with Section 51.907(b)(2)(v) of the FCC's rules. This Transitional Intrastate Rate Element is explicitly permitted by the FCC Order. Nevertheless, Staff has raised concerns regarding the Commission's authority to approve the rate under Va. Code sec. 56-235.5:1, and requested that Verizon adopt the alternative implementation method approved by the FCC. Verizon does not agree with Staff's legal interpretation, but, in an effort to gain prompt approval of the tariff, Verizon has removed the Transitional Intrastate Rate Element, and instead increases the relevant rate elements to implement the FCC Order, as Staff requested. Revised replacement pages: Verizon Virginia, LLC -- Tariff No. 217, Section 6, pages 77, 77a, 77a.1, 77a.2, 77b and 79. Verizon South, Inc. -- Facilities For Intrastate Access Tariff, Section 4, pages 4, 8, 59, 73, 74, 75, and 76.</p>
